

101689 – Meira Gelatin leaf 20 g

Ingredients: Gelatin (from pig skin) for human consumption

Package languages: FI, SV, EE

Packaging materials: Laminate: OPET/PE

Box: Fiberboard

Product properties: Sensory qualities typical for gelatin.
One bag contains 10 (20 g) gelatin leaves.

For spoonable gel use 1 leaf / 1,5 dl liquid.

For cuttable gel use 1 ½ leaves / 1 dl liquid.

The product and all of its packaging materials comply with Finland and EU legislation for foodstuffs.

Instructions for use: Soak leaves in cold water for approx. 5 min. Squeeze out excess water. Dissolve leaves in small amount of hot water. Add solution to liquid that is being coagulated. Store in a cool place.

Note: The enzymes of fresh pineapple, kiwi, fig and papaya can prevent the formation of jelly. These enzymes are not present in canned fruits.

Shelf life: 3 years
'Best before'- date marked on package.

Storage: Room temperature, away from direct sunlight.

GMO: The product does not contain any GMO-ingredients.

Radiation: The product has not been treated with radiation.
